sistema flat

imballo compatto e costi di trasporto ridotti

flat system compact packaging and minimised transport costs / Flat-System kompakte Verpackung und reduzierte Transportkosten
système flat emballage compact et frais de transport réduits / sistema plano embalaje compacto y costes de transporte reducidos

È un sistema estremamente intelligente che permette di ridurre al minimo le dimensioni della struttura imballata, garantendo la protezione dei componenti ed una notevole riduzione dei costi di trasporto.

This extremely clever system minimises the dimensions of the packed item, ensuring protection for components and considerably lower transport costs.

Ein sehr intelligentes System, das die Ausmaße der verpackten Struktur so klein wie möglich macht und den Schutz der Komponenten und eine starke Reduzierung der Transportkosten garantiert.

Il s'agit d'un système très intelligent qui permet de réduire les dimensions de la structure emballée au minimum, en garantissant la protection des composants et une réduction considérable des frais de transport.

Es un sistema extremadamente inteligente que permite reducir al mínimo las dimensiones de su estructura embalada, garantizando la protección de los componentes y una notable reducción de los costos de transporte.

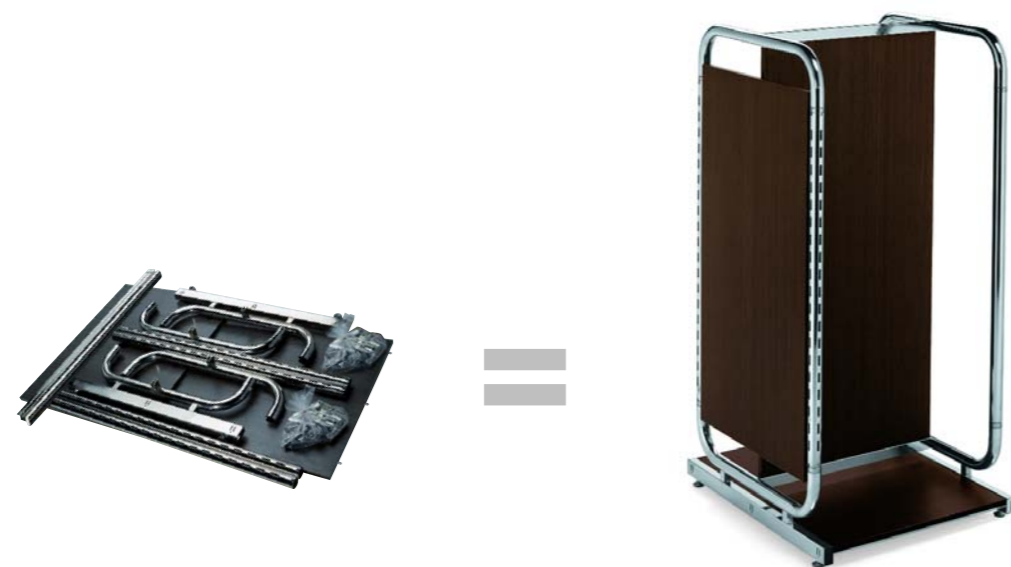

Il sistema modulare Rondò è stato appositamente progettato per rendere le operazioni di montaggio estremamente facili e veloci anche a persone non specializzate.

The Rondò modular system has been specifically designed to make assembly operations extremely quick and easy, even for non-specialized persons.

Das modulare System Rondò wurde speziell entwickelt, um die Montagearbeiten auch für Personen, die keine Fachleute sind, besonders einfach und schnell zu gestalten.

Le système modulaire Rondò a été spécialement conçu pour rendre les opérations de montage extrêmement faciles et rapides, même pour les personnes qui ne sont pas spécialisées.

El sistema modular Rondò ha sido especialmente estudiado para hacer que las operaciones de montaje sean extremadamente fáciles y rápidas incluso para personas no especializadas.

Rondò, realizzato in tubo tondo, si contraddistingue per le sue linee curve ed armoniose che si ispirano ad uno stile retrò degli anni '70. È un sistema modulare che con la sua flessibilità permette realizzazioni di grande creatività ed originalità, espressione delle tendenze di mercato e del design italiano.

Rondò, made of round tube, is featured by harmonious and curved lines and inspired to the old '70. It is a flexible modular system that allows implementations of great creativity and originality, expressing the market trends and Italian design.

Rondò aus Rundrohr zeichnet sich durch die kurvig und harmonischen Formen aus, die sich am Retro-Look der 70er-Jahre inspirieren. Es handelt sich hier um ein Modulsystem, mit dem sich durch seine Flexibilität höchst kreative und originelle Lösungen realisieren lassen, die Ausdruck der Markttendenzen und des italienischen Designs sind.

Rondò, réalisée en tube rond, se distingue par ses lignes courbes et harmonieuses qui s'inspirent à un style retrò des années '70. C'est un système modulaire qui, avec sa flexibilité, permet des réalisations de grande créativité et originalité, expression des tendances du marché et du design italien.

Rondò, realizado en tubo redondo, se caracteriza por las líneas curvas y armoniosas que se inspiran en el estilo «retrò» de los años '70. Es un sistema modular que con su flexibilidad permite realizaciones de gran creatividad y originalidad, expresión de las tendencias del mercado y del diseño italiano.
